

Your KRAIBURG dealer:

chamfer at rear edge

lower side profile with blades and supporting studs: stable and flexible simultaneously

sealing lips in the rear edge minimize soiling underneath the mat

installation edge to edge

NEW: the innovative comfort cover with special softness now as single mat

- stable blade profile creates high permanent softness and durability » adapts to body shape
- proven pebbled surface
- integrated soft slope to rear edge promotes drying off
- lower side construction allows no slitting or cutting-out for pockets (e.g. for pillars, etc.) » suitable for cantilever dividers only
